BROUGHT TO YOU BY

The GDWCAR Habitat Home

The Purpose

The Greater Denton/Wise County Association of Realtors has taken on the challenge of raising all the funds needed to build a Habitat home for a local family in our community. This home will be the first home in the 8-acre, 35-home Habitat Village - Habitat Denton's first affordable housing development.

House Progress

Currently, the total cost of building materials for a Habitat home is \$160,000. In two years, GDWCAR has raised \$90,000 in cash and in-kind donations through Party with a Purpose.

You can join the fun by attending and supporting Party with a Purpose 2023.

Habitat Village Progress

In 2023, Habitat Denton will break ground on the Habitat Village. The infrastructure for Phase 1 will begin, along with construction on the first four homes of the development.
